Community Engagement Report First Quarter - 2020

Acting-Deputy Chief Brian O'Hara
Accountability, Engagement and Oversight Bureau Commander

Acting-Captain Tawana Rollins
Consent Decree and Planning Division Commander

August 2020

NEWARK POLICE DIVISION COMMUNITY ENGAGEMENT REPORT

First Quarter – 2020

Introduction

The Newark Police Division (NPD) is committed to transparency in its procedures and performance and seeks opportunities to engage with the community. Additionally, it is the goal of the Newark Police Division to foster a true collaborative partnership through positive engagements and build public trust between the Division and the community. To achieve these goals, the Newark Police Division and its members shall approach all interactions with the public as opportunities to enhance the perception of law enforcement and build upon public trust. The following community engagement report has been prepared to reflect the first quarter activities from 2020. It is of note that due to the COVID 19 PANDEMIC beginning in **March of 2020** all of the programs, initiatives and activities pertaining to Community Engagement were suspended, therefore many of our Community interactions were adversely impacted. The lack of activity affected the outreach efforts of the entire agency.

Criteria

Paragraph 18 of the Consent Decree states:

“Within 120 days of the Operational Date, and thereafter on a quarterly basis, NPD will prepare a publicly available report of its community policing efforts overall and in each precinct, including specific problems addressed and steps taken by NPD and the community toward their resolution”.

Summary

Building on the previous year, NPD expected to expand upon community engagements however due to the COVID 19 PANDEMIC many in person community engagements have been canceled. New and innovative ways to continue to build partnerships are in development. The CSO’s attended one hundred-one (101) community meetings during this quarter. In addition to the community meetings, the Division personnel participated and/or orchestrated numerous events.

NEWARK POLICE DIVISION COMMUNITY ENGAGEMENT REPORT

First Quarter – 2020

Table No. 1 - Community Engagements Summary

Community/Clergy Affairs Unit

The Community / Clergy Affairs unit works hand in hand with the Community Service Officers in supplementing, organizing, and augmenting their community engagement efforts. Below is a list of various community engagement efforts that have been undertaken during the first quarter of 2020. Please note that in March of 2020 all programs and initiatives overseen by this unit and activities were suspended due to the COVID 19 PANDEMIC therefore many of our Community interactions were adversely impacted. All Personnel of the Community / Clergy Affairs Unit were transferred to Precincts to help maintain basic police services during the crisis. The lack of engagement within the unit and by individual Community Service Officers can be directly attributed to the agencies overabundance of caution during this unprecedented time.

- Citizen/ Clergy workshop Recruitment Drive Avon Ave & S. 18th Street

Community/Clergy Affairs Unit Outreach Programs

Year Round: Basketball Team (SUSPENDED March 9. 2020)

The Public Safety Academy (SPRING SEMESTER CANCELLED DUE TO COVID 19) is an eight-week course where participants learn the basic functions and operations of the Police/Fire and OEM Division. Participants must complete six of the eight scheduled classes. We have instituted an alumni association of our participants. Approximately 60 alumni have chosen to continue to participate with us when called upon. They have been useful in disseminating all manner of Police community relations info and serve as volunteers at community events.

Clergy Alliance. (SUSPENDED March 9. 2020) - We currently have 51 clergy members that we actively collaborate with. We have a ride-along program in which clergy members respond out into the community (hospitals/senior homes) to offer prayer and other services to members of the community. We also host monthly meetings of our participants and provide them with services and opportunities to volunteer in other worthwhile projects

Block Watch Program (NEW TRAININGS SUSPENDED March 9. 2020) - can be organized through the precinct community service officers as well as the Community Affairs/Clergy Unit. Our Block Watch program requires 7-10 people to start the program. It teaches members of the community crime safety tips, crime prevention and the proper reporting procedure for reporting a crime or incident. There are 76 registered block watch programs within the city with a block watch creation drive underway.

Coffee with a Cop (SUSPENDED March 9. 2020) is a program started in California that we have adopted in our city and have augmented it to include "Pizza with a Cop", "Hero (sandwich) with a Hero" and "Ice Cream with a Cop". These programs bring police officers and the community members they serve together—over coffee—to discuss issues and learn more about each other.

Community Service Officers and members of the Community/Clergy Affairs Unit visit Senior Citizen Housing and Nursing Homes to conduct the "**Paint and Sip**" program whereby Officers sit with the seniors and paint small art projects while sipping coffee and tea. (Paint and sips are ongoing and we are looking to collaborate with Newark Housing for future events.)

Hope One Cares Project: (SUSPENDED March 9. 2020) This program has been modeled after a similar program in Morris County. It is a mobile outreach vehicle bringing services to the addicted and afflicted and their families. Narcan training, rehab and recovery facilities, light refreshments served, CPR training and all manner of referrals provided.

Citywide all officers and Detectives of the Newark Police Division continue to break new ground with their imaginative approach and dedicated commitment to community policing.

Youth Engagement

Police Explorer Program (SUSPENDED March 9, 2020) Is hosted by our unit twice a week where explores are given insight and instruction into what it is like to enter a career in the Police Division. These members also participate in competitions based on police training against other Police explorer posts. During this quarter, the explorers participated in the “Blue Line Buddies” event, “Soup-With-A-Cop” event and the “Toys-for-Tots” giveaway.

There is currently one **School Resource Officer** assigned to each command. The School Resource officers are available to address any concerns within the schools. They also conduct safety presentations throughout the school year. With over 140 schools, district and charter, the school resource officers primarily handle majority of school related incidents. Serious incidents such as robberies, sexual assault and weapon possession are included. These matters are documented and referred accordingly throughout the appropriate investigative section. However, school resource officers are usually the first contact.

NEWARK POLICE DIVISION COMMUNITY ENGAGEMENT REPORT

First Quarter – 2020

G.R.E.A.T. Program (SUSPENDED March 9, 2020) is an anti-bullying program taught to grades 3-8 throughout the Newark School District. The program also teaches gang awareness and drug prevention. Currently GREAT is taught 5 days a week in schools throughout the city by a detective from our unit. Upon graduation, the department treats all children to popcorn, soda and a movie at the Cityplex where they also receive a t-shirt.

Station House Adjustments: A stationhouse adjustment is an alternative method that NPD uses to handle first-time juvenile offenders who have committed minor juvenile delinquency offenses. The intent of the stationhouse adjustment program is to provide for immediate consequences, such as community service or restitution and a prompt and convenient resolution for the victim, while at the same time benefitting the juvenile by avoiding the stigma of a formal juvenile delinquency record. In many instances, this early intervention will deter the youth from continuing their negative behavior and divert the youth from progressing further into the juvenile justice system.

Newark Youth Court: (SUSPENDED MARCH 2020) The Newark Youth Court works with Newark Schools, Truancy Court and Police officers. NPD uses the Youth Court predominantly during Station House Adjustments. Young people are referred based on disorderly conduct and low-level behavior while the court refers truancy cases. Youth Court staff members speak to each young person and their parents to explain the program for a youth court hearing.

C.O.P.Y. (Call-Out Program for Youth) – Partnership with Rutgers University The NPD - Juvenile Services Section collaborates with Rutgers University to link first time offending youth to developmentally salient family, social, educational, and vocational services. Initially the program catered to first time offenders. Since that, time weapons possessions and chronic receiving stolen property offenders are considered. Doctor Paul Boxer of Rutgers University is the director, founder and coordinator of this program.

C.O.P.Y. was started in 2015. Since that time, various first time offenders involved in a serious crime have been referred to the C.O.P.Y. program. A C.O.P.Y. referral was made when a guardian /parent agreed to complete a waiver that would allow Rutgers to contact them and provide further information on their program. The C.O.P.Y program and the multiple services provided by Rutgers have showed us over time that there certainly are cohorts of youth under court supervision who need to be connected to services; and there are service providers in need of appropriate referral

NEWARK POLICE DIVISION COMMUNITY ENGAGEMENT REPORT

First Quarter – 2020

streams. C.O.P.Y. encourages an open discussion of how we can best facilitate these "matches," as well as any other issues relevant to reducing and preventing youth violence and delinquency.

Newark Cares Program: The Newark Police Division has collaborated with the DEA and the Newark Board Education to implement the Newark Cares program. The Newark Cares program is a tool for school personnel to assist with mitigating negative affects experienced by children exposed to trauma. School Resource Officers coordinate with the Newark Board of Education security to ensure the Newark Cares notice is forwarded to the proper authority at the respective school.

Operation Conversation Cops and Kids All Stars Project – Operation Conversation Cops and Kids is the All Stars project award –winning police community relations program designed to foster positive interactions between the police and young people from poor communities through a series of workshops and theatrical productions that use performance, improvisation and conversation. Over 200 Newark Police officers have participated thus far.

Staffing Assessment Newark Police Division

The Newark Police Division (NPD) commissioned the Urban League of Essex County to conduct a staffing study of the department in compliance with the Consent Decree. The Consent Decree requires the NPD to “assess and revise its staffing allocation and personnel deployment to support community policing and problem-solving initiatives, and modify any deployment strategy that is incompatible with effective community-oriented policing.”

Staffing Assessment Summary: The Newark Police Division needs additional personnel to support its community policing and problem-solving initiatives. If the Division wants Precinct Patrol officers to have adequate time to engage the community and work on problem solving projects, it needs 247 additional officers assigned to the precincts. In addition, it needs six additional detectives assigned to investigate Part 1 Crimes.

NEWARK POLICE DIVISION COMMUNITY ENGAGEMENT REPORT

First Quarter – 2020

Staffing Allocation and Strategies aimed at supporting Community Policing

The following measures have been instituted by the NPD to revise its staffing allocation and personnel deployment to support community policing and problem-solving initiatives. The Sixth Precinct, in the Upper Vailsburg neighborhood and the Seventh Precinct, in the Roseville neighborhood have been opened, in effect doubling the amount of officers dedicated to patrol those specific areas. Opening new precincts in neighborhoods that have been disenfranchised for so long and putting officers in precincts is at the very heart of the staffing assessment and the Consent Decree.

In March of 2020, in response to the evolving COVID-19 Pandemic, NPD personnel were transferred and reassigned to operational positions within the agency. Included were twenty-five Division members that were detailed to outside agencies, seventy-five recently graduated officers and twenty-seven officers assigned to administrative positions. Some agency training for the recently graduated officers was postponed due to social distancing requirements for in classroom training.
